## Horizontal Cable Manager with Hook and Loop Straps *PCMBV Series*

Low-profile horizontal cable manager with integrated hook and loop for fast, flexible cable bundling.

### Key Features and Benefits

- 16-gauge steel construction with flanged edges provides durable cable support and added strength.
- Includes 48 inches of hook and loop strap for fast, reusable cable bundling without additional accessories.
- Low-profile 1U design minimizes rack space usage while maintaining cable organization.
- Open design allows quick cable routing and easy moves, adds, and changes.
- Designed to fit standard 19-inch and 23-inch EIA rack rails.
- Flanged construction improves rigidity compared to flat cable management panels.
- Ideal for bundling cable groups rather than separating individual cables.
- TAA-compliant, manufactured in North America supports government procurement requirements and ensures consistent quality.
- Black powder coat finish (GREENGUARD, TSCA, RoHS compliant) supports indoor air quality and environmental compliance.

The PCMBV Series horizontal cable managers provide a simple and efficient solution for bundling cables within 19-inch rack systems. Designed with integrated hook and loop straps, they allow installers to quickly secure cable bundles without the need for additional cable ties or accessories.

Unlike traditional cable managers that focus on routing or separation, the PCMBV Series is optimized for cable bundling and retention. This makes it ideal for installations where cables need to be grouped and secured quickly while still allowing easy access for adjustments.

### Where the PCMBV Series Works Best

- Data centers and IT rooms.
- Network and telecom installations.
- AV and broadcast environments.
- Structured cabling deployments.
- Installations requiring fast cable bundling and retention.

### Best Applications for the PCMBV Series

- Bundling patch cables between switches and patch panels.
- Securing cable groups in horizontal rack runs.
- Supporting clean cable routing without complex management systems.
- Providing quick, reusable cable retention in dynamic environments.

### Accessories

- Hardware for Rack Mounting Solutions

Part No.	Mounting	Usable Mounting Dimensions
